

Clinical Skills Checklist

Mark the column that relates to your skill level.

Name: _____

1 = No experience, requires close supervision.

Date: _____

2 = Needs assistance, has some experience, although requires moderate supervision.

3 = Confident. Has experience and requires little to no supervision.

SKILL	3	2	1	SKILL	3	2	1
NURSING ROLES				MEDICATION ADMINISTRATION			
Change Nurse				Inulin Administration			
Team Leader				Narcotic Control			
PATIENT CARE DELIVERY				Skin Testing (intradermal)			
Team Nursing				Procedure			
Primary Nursing				Documentation			
NURSING PROCESS SKILLS				Reading Results			
Nursing History				Patient Controlled Analgesia			
Physical Assessments				Heparin Administration / Lock			
Skin				Medication Administration			
Cardiovascular				IM			
Heart				Oral			
Peripheral Vascular System				Eye			
Respiratory				Nose			
Neurological				Ear			
Abdomen				Topical Medication / Patches			
Bowel				Subcutaneous			
Bladder				Unit Dose Medication			
Musculoskeletal				Aerosol Delivery Therapy - AARC			
Psychosocial Status							

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
Fall Assessment				INTRAVENOUS THERAPY			
Pain Assessment				Monitoring / Calculating Infusion Rate			
Elder / Domestic				PCA Pumps			
Patient Care Planning				Infusion Pumps			
Nursing Intervention				Insulin Pump			
Patient Education				Venipuncture Site Care			
Patient Care Evaluation				IV insertion			
Discharge Instructions / Planning				Saline Locks / Heparin Locks			
Care Plan Documentation				Scalp Vein			
IV Add-Mixture/ Additives				Angio Caths			
IV Push Medications				Crutches Assistance & Application			
IV Piggyback Medications				CVP Monitoring			
PICC lines				Care & Wound Drainage			
Blood Products & Blood Monitoring				Hemovac			
Blood Products & Blood Admin.				Jackson Pratt			
TPN/PPN				Knee Immobilizer Application			
Lipids				Penrose Drain Care			
Central / Intravascular Access Ports				G-Tube Care			
CHEMOTHERAPY				Penrose Drain Care			
Chemotherapy Meds Administration				NG / Feeding Tube Care			
Teaching / Safety / Precautions				Nursing Roles			
Preparation & Mixing				Chest Tube Drainage Care			
Chemotherapy Certified				Salem Tube Care			
Disposal				Catheterization			
				Gastric Suction			

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
NURSING PROCEDURES				Active / Passive Range of Motion			
Ice Packs				Electronic Thermometer			
Hot Soaks / Baths				Peri-Care			
Insertion of NG Feeding Tube				Precautions for Seizures			
Irrigations				Cast Care			
Ear				Incision Care			
Eye				Skin Care in Traction			
Incision				AV Shunt Care			
Ostomy				Infection Control Precautions			
Foley				Reverse Isolation			
Suprapubic				Standard Universal Precautions			
NG Tube				VRE / MRSA Precautions			
Rectal Temperature				TB / Airborne Precautions			
Removal of Fecal Impaction				Bladder Irrigations			
Vital Signs				Sugar, Acetone & Urine			
Applying Restraints				Urine Specific Gravity			
Application of Support Binders				Gastric Hemocult			
Ace Wrap Application				Stool Hemocult			
Sling Application				Monitoring Blood Glucose			
Antimobolic Stocking Application				Administration of Oxygen Therapy			
Application of Soft Cervical Collar				Ambu bag			
Rib Belt Application				BiPAP			
Clavicle Brace Application				Bag & Mask			
Back Support Application				Neuro Assessment			
Face Mask				Glascow Coma Scale			

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
Nasal Cannula				Mental Status / LOC			
Collection of Specimens				Halo Traction			
Blood				Seizure Activity			
Central Line				Seizure Precautions			
Venous Stick				Nursing Roles			
Cultures				BASIC PROCEDURE ASSISTANCE			
Urine				Dressing Change			
Sputum				Thoracentesis / Paracentesis			
24 Hour				Pelvic Exam			
Clean Voided				Lumbar Puncture			
Sterile				Physical Exam			
Throat Swab Culture				Insertion of Central / PA Catheter			
Abdominal Fluid				Urine Staple / Suture Removal			
Gastric Analysis				Insertion of Arterial Line			
Aerobic Cultures				Insertion of Chest Tubes			
Anaerobic Cultures				Discontinue Arterial Line			
Wound Cultures				Discontinue Central Lines			
Stool Cultures				EQUIPMENT			
Tracheostomy Care				Footboard			
Breath Sounds / Chest PT				Traction			
IPPB Rx				Hypothermia Blanket			
Postural Drainage				Restraints			
Suctioning				Halo Apparatus			
Yankauer Oral				Pressure Mattress			
Oral / Pharyngea				Balance Traction			

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
Tracheostomy				Kangaroo Pumps			
Nasal Pharyngeal				Straight Drainage			
Care for Wounds / Ostomy				Oxygen Wall Panel / Flowmeter			
Colostomy Care & Bag Change				Cir-O-Electric Bed			
Ileostomy Care & Bag Change				Cradles			
Irrigations				K-Pads			
Pressure Ulcers				Foster-Stryker Frame			
Care				Pressure Relieving Beds			
Staging				Wall-Straight Suction			
Sterile Dressing Change				Intermittent Suction			
Stasis Ulcers				Portable O ₂ Suction			
Surgical Wounds with or w/o Drains				Chest Tube Suction			
Steristrip Application				Hoyer Lift			
Neuro Skills				Multiple Sclerosis			
Pyxis				Neuro Surgery			
Trans Nerve Stimulator				Encephalitis (Infectious & Viral)			
Portable Vital Signs Monitor				Cranial Hemorrhage			
Cardiac Telemetry Monitoring				AV Shunt Placement			
Lead Placement				CARDIAC			
Arrhythmia Interpretation				Post MI			
Meters for Blood Glucose				Hypertensive Crisis			
Pulse Oxymetry				Aneurysm			
Emergency Crash Cart				CHF			
HEPA Filters				Open Heart Surgery (Pre & Post Op)			
Ambu Bag (PPV) Mask/ Valve				Angina			

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
Incentive Spirometer				Fem/ Pop Bypass			
PAIN MANAGEMENT				Cardiac Cath			
Pain Assessment (pain scales)				RENAL / GI			
Patient Controlled Analgesia (PCA)				Hemodialysis			
IV Conscious Sedation				Renal Calculi			
Epidural Analgesia				Nephrectomy			
Narcotic Agents				Acute / Chronic Renal Failure			
Non-Narcotic Agents				Renal Trauma			
Non-Pharmacological Measures				TURP			
CARE OF PATIENTS				Peritoneal Dialysis			
Respiratory				Radical Prostatectomy			
ARDS				GI / ABDOMINAL			
COPD				Pancreatitis			
Pneumonia				Liver Failure			
Asthma				Hepatitis			
Pneumothorax				Appendicitis			
Thoracic Surgery				Bowel Obstruction			
Inhalation Injuries				GI Bleed			
Pulmonary Embolism				Paralytic Ileus			
Pulmonary Edema				Pre & Post OP Patients			
Tuberculosis				Post Endoscopic Procedures			
Neurology				Laparoscopic Abdominal Procedures			
Head Injury / Brain Injury Trauma				Open Abdominal Procedures			
Neuro Injury / Trauma				ORTHOPEDIC			
Overdose				Cast Care			

Clinical Skills Checklist

SKILL	3	2	1	SKILL	3	2	1
CVA / TIA				Arthroscopic Surgery			
Quadriplegia				Amputation			
Paraplegia				Joint Replacement (Hips & Knees)			
Spinal Cord Injury							
Orthopedic Trauma							
Skeletal Traction							
Passive ROM Exercises							
Laminectomy							
Bucks Extension							
Pin Site Care							
Gynecology							
Ectopic Pregnancy							
Tubal Ligation							
Mastectomy							
Hysterectomy							
Abdominoplasty							
Thyroidectomy							
Removal of Cysts							
Asst. / Preform GYN Exam / PAP							
Reconstructive Breast Surgery							
Other							
Anaphylaxis							
Septic Shock							
Homicide / Suicide Precautions							
Sickle Cell Anemia
